

PEIA PPB Plan Breastfeeding & Lactation Services

Pregnant and postpartum women have access to comprehensive lactation support and counseling from trained providers, as well as breastfeeding equipment. This policy provides guidelines for billing breast pumps and nursing related supplies and services for PEIA PPB Plan members.

EFFECTIVE DATE: July 1, 2013

Updated: 3/2/2022

COVERAGE:

Who is covered – Any PPB plan participant who is covered for maternity services.

Benefits – breastfeeding pumps, pump supplies, and counseling services are available to covered pregnant and postpartum participants. These benefits are covered up to 100% of the PEIA fee schedule, in West Virginia, with no deductibles, coinsurance or copayments.

What is covered – breast pumps, pump supplies and counseling services are covered when billed as instructed below.

PLAN GUIDELINES:

1. Breastfeeding pumps and pump supplies may be purchased through durable medical equipment (DME) company or at a retail store.
 - a. Patient Reimbursement – In most cases, the patient will be required to pre-pay for the equipment and bill HealthSmart for reimbursement. Patients may submit a copy of the receipt to be reimbursed, the PEIA allowance, for these supplies.
 - b. Provider Reimbursement – When the equipment is purchased through a “healthcare provider” the provider should bill HealthSmart directly and will be paid by HealthSmart.
2. Lactation consultant services are also covered and must be provided by and billed by a qualified lactation specialist. This service may be offered through the OB/GYN office or the hospital providing delivery services.

BILLING FOR SERVICES: Providers must follow PEIA billing procedures and guidelines for PEIA PPB Plan members.
