

BILLING AND PAYMENT FOR PROFESSIONAL SERVICES FURNISHED VIA TELEMEDICINE

PEIA members may utilize telemedicine. Providers need to document that the service was rendered under that modality. Submit claims for telemedicine services using the appropriate CPT or HCPCS code for the professional service along with the telemedicine modifier GT, “via interactive audio and video telecommunications systems” (for example, 99201 GT). Some service codes may have restrictions for telemedicine. Billing questions should be directed to HealthSmart at 1-888-440-7342. Host site providers may decide to charge a minimal fee for providing the telemedicine equipment, this fee is currently not covered by PEIA (for example, \$10 set-up fee).
